

SAFETY COUNTS

KEEP SAFETY FIRST,
EVERY DAY

DIEI-DAY® Electronic Scoreboards

Electronic LED display advances automatically each day, eliminates the hassle of manually updating the safe day numbers.

Safety Scoreboard with bright, digital display provides an eye-catching way to inform and alert employees, contractors, and visitors on tracking of safe work days in the workplace, as it counts up.

- Count days without an accident in green, or in the event of an accident, set the display to red until you meet your new safe days goal
- Track the 7-day week, or set to only your company's work days
- Internal clock and calendar advance counter by one automatically, every 24 hours; set to change any at specific time of day
- Display count days only or show it flash between days, date, and clock
- Tamper-proof operation with easy to use handheld remote control
- In a power failure, all information is stored*

- ✓ Sleek visual-edge design
- ✓ One remote operates up to 5 displays
- ✓ Can be used indoors and outdoors**

Protected by Sign Muscle®

Specifications:

- IP65 tested for dust and water resistance
- 28" x 20" x 1" lightweight, durable aluminum construction, protected by Sign Muscle®
- Built-in hidden rear mounting brackets
- Four-digit, bright green/red LED display with 2 1/2"H numbers
- Operates on 110/120 VAC with 8-ft. power cord and AC adapter
- One remote can control up to 5 separate LED displays

* LED indicators notify when a hold or power failure has occurred, holding the info from that moment.

**Power receptacles exposed to wet environments should be plugged into a GFI outlet with waterproof protective receptacle cover. Mount these scoreboards under protective overhang or covered area.
